

"[air navigation control, [...] is a task involving the exercise of public authority and is not of an economic nature, since that activity constitutes a service in the public interest which is intended to protect both the users of air transport and the populations affected by aircraft flying over them".

4 Weeks!

4 weeks of war, 4 weeks of Horror and Terror brought upon the people of the Ukraine.

4 weeks of explosions, rockets and shots fired.

4 weeks of people being wounded and killed, houses and infrastructure destroyed.

4 weeks of people fleeing from their homes.

4 weeks ago, none of us could imagine that millions of people would be looking for shelter in Europe. ATCEUC is grateful for the efforts of our colleagues, especially in Poland and Romania, to assist the families of our fellow colleagues in Ukraine who are fleeing from war, death and destruction.

ATCEUC wants to thank all of you who have helped by providing shelter to our colleague's families or donating money.

ATCEUC strongly supports IFATCA's initiative to coordinate the help of the ATM family.

We encourage you as our member organisations to assist this IFATCA program or to consider donating to our members in Poland and Romania. So far there were requests to help 174 persons from Ukraine ATCO families in Poland and 105 in Romania.

ATCEUC strongly supports the "Adopt a Ukrainian ATCO Family" initiative launched by IFATCA. With more and more families from ATCOs arriving across borders, efforts need to be widened for our colleagues from neighbouring countries not to get overwhelmed.

IFATCA calls for volunteers that can host a family (ATCO's wife/partner + kids + (eventually) the ATCO himself/herself) for a determined/limited time. If you are able to help, please [fill the form](#).
